Dear Parents/ Guardians,

Your child will be entering seventh grade in September. The State of Massachusetts requires all students to have the following immunizations and an updated physical exam for entrance into seventh grade. Some students may have had their 11/12-year-old physicals exams during their 6th grade year so feel free to send those along now so your child will be all set for 7th grade in the fall.

Hepatitis B	3 doses
Dtap/DTP	Tdap booster
Polio	4 doses
MMR	2 doses
Varicella	2 doses
Meningococcal	1 dose

The TDAP and Meningococcal vaccines are typically given around ages 11-12.

Medical documentation of these immunizations is required to start seventh grade and must be received before August 25th. Please contact your child's Pediatrician's office to make an appointment or ask for these immunizations at your child's next physical exam. Many Pediatricians' offices do make "immunization only" appointments.

Thank you,

Dianne Flaherty
